

## On Camera Intensive

with Siobhan McCarthy

A follow up intensive workshop to Siobhan's on camera introductory class that covers the more technical aspects of the Actor's craft. Siobhan's on Camera Intensive teaches you ways to sharpen your auditioning skills and use new techniques to make your taped auditions look their very best. Stand out in every audition! Learn film set terminology, and how it applies to you. Discover the difference between shots such as Master/Medium/Close-up/Dirty, and learn how to perform within each while maintaining Continuity. Learn how to be an Editable Actor with performance techniques like Action Cuts! Scenes and Auditions are ALL ON CAMERA, and you will receive a copy of your work at the end of the course that you can use and learn from. 20 hours of the essential On Camera Skills you need to know.
